

Fall Protection, Confined Space, & Rescue Solutions

MINISTRY OF LABOUR WORKING AT HEIGHTS APPROVED TRAINING!!

RUBICON SAFETY INC. MOL APPROVED WORKING AT HEIGHTS TRAINING PROVIDER

As of April 1, 2015, employers must ensure that certain workers complete a Working at Heights training program that has been approved by the Chief Prevention Officer (CPO) and delivered by a CPO approved training provider before they can work at heights.

The training requirement is for workers on construction projects who use any of the following methods of fall protection: travel restraint systems, fall restricting systems, fall arrest systems, safety nets, work belts and/or safety belts.

There was a two-year transition period for workers who, prior to April 1, 2015, met the fall protection training requirements set out in subsection 26.2(1) of the Construction Projects Regulation.

The deadline has been extended to October 1, 2017, lengthening the transition period by six months in specific circumstances.

The worker(s) in question must have completed fall protection training that met the requirements of section 26.2(1) of O. Reg. 213/91 (Construction Projects) before April 1, 2015, and the worker must be enrolled in a WAH training program that will be completed before October 1, 2017. The employer must have written proof of enrollment, which must be made available to an inspector upon request.

The proof of enrollment must include the name of the worker, the name of the approved training provider, the date on which the approved training is scheduled to be completed, and the name of the approved training program.

Each participant is required to bring government issued photo ID, & CSA approved safety footwear, as well long pants must be worn. Participants who do not have the required identification, and footwear, will be removed from the class & will not be provided a refund.

CERTIFICATION IS VALID FOR THREE YEARS!
